Program Requirements

- **SkillsUSA Membership**

- SkillsUSA is our co-curricular CTSO (Career & Technical Student Organization). Students learn soft and hard skills, make business and other professional connections, learn the importance and value of competition. HCCA is very involved in SkillsUSA and have had several students move on to National Competition.

If you choose to NOT have your child participate in SkillsUSA, they will have a test over SkillsUSA toward the end of the school year. This is done because it is one of the required standards in all 3 classes. Participation covers the standard requirements.

- \$20
